DRINKING WATER NOTICE

Monitoring requirements not met for Baltimore Village PWS

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During the Fourth Quarter of 2015 time period we did not monitor for the following contaminants and therefore cannot be sure of the quality of our drinking water during that time: TOTAL TRIHALOMETHANES (TTHM), HALOACETIC ACIDS, FIVE (HAA5).

What Should I Do?

This notice is to inform you that Baltimore Village PWS did not monitor and report results for the presence of the contaminants listed above in the public drinking water system during the Fourth Quarter of 2015 time period, as required by the Ohio Environmental Protection Agency. You do not need to take any actions in response to this notice.

What Is Being Done?

Upon being notified of this violation, the water supply was required to have the drinking water analyzed for the above mentioned parameters. The water supplier will take steps to ensure that adequate monitoring will be performed in the future.

Additional information may be obtained by contacting Baltimore Village PWS at:

Contact Person: VILLAGE OF BALTIMORE

Phone Number: (740) 862-8550

Mailing Address: 103 WEST MARKET STREET
BALTIMORE, OHIO 43105

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
