414.02 THROUGH STREETS; STOP AND YIELD RIGHT-OF-WAY SIGNS.

(a) All state routes are hereby designated as through highways, provided that stop signs, yield signs, or traffic-control signals shall be erected at all intersections with such through highways by the Department of Transportation as to highways under its jurisdiction and by local authorities as to highways under their jurisdiction, except as otherwise provided in this section. Where two or more state routes that are through highways intersect, and no traffic-control signal is in operation, stop signs or yield signs shall be erected at one or more entrances thereto by the Department or by local authorities having jurisdiction, except as otherwise provided in this section. Whenever the Director of Transportation determines on the basis of an engineering and traffic investigation that stop signs are necessary to stop traffic on a through highway for safe and efficient operation, nothing in this section shall be construed to prevent such installations. When circumstances warrant, the Director also may omit stop signs on roadways intersecting through highways under his or her jurisdiction. Before the Director either installs or removes a stop sign under this division, he or she shall give notice, in writing, of that proposed action to the affected local authority at least 30 days before installing or removing the stop sign.

(b) Other streets or highways, or portions thereof, are hereby designated as through highways if they are within the Municipality, if they have a continuous length of more than one mile between the limits of the street or highway or portion thereof, and if they have stop or yield signs or traffic-control signals at the entrances of the majority of intersecting streets or highways. For purposes of this section, the limits of the street or highway, or portion thereof, shall be the municipal corporation line, the physical terminus of the street or highway, or any point on the streets or highway at which vehicular traffic thereon is required by regulatory signs to stop or yield to traffic on the intersecting street, provided, that in residence districts, the Municipality may by ordinance designate such street or highway, or portion thereof, not to be a through highway and thereafter the affected residence district shall be indicated by official traffic-control devices. Where two or more through highways designated under this division intersect and no traffic-control signal is in operation, stop signs or yield signs shall be erected at one or more entrances thereto by the Department or by local authorities having jurisdiction, except as otherwise provided in this section.

(c) The Department or local authorities having jurisdiction need not erect stop signs at intersections they find to be so constructed as to permit traffic to safely enter a through highway without coming to a stop. Signs shall be erected at such intersections indicating that the operator of a vehicle shall yield the right-of-way to or merge with all traffic proceeding on the through highway.

(d) Local authorities, with reference to highways under their jurisdiction, may designate additional through highways, and shall erect stop signs, yield signs, or traffic-control signals at all streets and highways intersecting such through highways, or may designate any intersection as a stop or yield intersection, and shall erect like signs at one or more entrances to the intersection.

Highway traffic signal indications for vehicles and pedestrians shall have the following meanings:

(a) Steady Green Signal Indication.

- (1) A. Vehicular traffic facing a circular green signal indication are permitted to proceed straight through or turn right or left or make a u-turn movement except as such movement is modified by a lane-use sign, turn prohibition sign, lane marking, roadway design, separate turn signal indication, or other traffic control device. Such vehicular traffic, including vehicles turning right or left or making a u-turn movement, shall yield the right-of-way to both of the following:
 1. Pedestrians lawfully within an associated crosswalk;
 2. Other vehicles lawfully within the intersection.
- B. In addition, vehicular traffic turning left or making a u-turn movement to the left shall yield the right-of-way to other vehicles approaching from the opposite direction so closely as to constitute an immediate hazard during the time when such turning vehicle is moving across or within the intersection.
- (2) Vehicular traffic facing a green arrow signal indication, displayed alone or in combination with another signal indication, are permitted to cautiously enter the intersection only to make the movement indicated by such arrow, or such other movement as is permitted by other indications displayed at the same time. Such vehicular traffic, including vehicles turning right or left or making a u-turn movement, shall yield the right-of-way to both of the following:
 - A. Pedestrians lawfully within an associated crosswalk;
 - B. Other traffic lawfully using the intersection.
- (3) A. Unless otherwise directed by a pedestrian signal indication, as provided in R.C. § 4511.14, pedestrians facing a circular green signal indication are permitted to proceed across the roadway within any marked or unmarked associated crosswalk. The pedestrian shall yield the right-of-way to vehicles lawfully within the intersection or so close as to create an immediate hazard at the time that the green signal indication is first displayed.
- B. Pedestrians facing a green arrow signal indication, unless otherwise directed by a pedestrian signal indication or other traffic control device, shall not cross the roadway.

(b) Steady Yellow Signal Indication.

- (1) Vehicular traffic facing a steady circular yellow signal indication are thereby warned that the related green movement or the related flashing arrow movement is being terminated or that a steady red signal indication will be exhibited immediately thereafter when vehicular traffic shall not enter the intersection. The provisions governing vehicular operation under the movement being terminated shall continue to apply while the steady circular yellow signal indication is displayed.
- (2) Vehicular traffic facing a steady yellow arrow signal indication is thereby warned that the related green arrow movement or the related flashing arrow movement is being terminated. The provisions governing vehicular operation under the movement being terminated shall continue to apply while the steady yellow arrow signal indication is displayed.

2013 S-11

- (3) Pedestrians facing a steady circular yellow or yellow arrow signal indication, unless otherwise directed by a pedestrian signal indication as provided in Ohio R.C. 4511.14 or other traffic control device, shall not start to cross the roadway.
- (c) Steady Red Signal Indication.
- (1) A. Vehicular traffic facing a steady circular red signal indication, unless entering the intersection to make another movement permitted by another signal indication, shall stop at a clearly marked stop line; but if there is no stop line, traffic shall stop before entering the crosswalk on the near side of the intersection; or if there is no crosswalk, then before entering the intersection; and shall remain stopped until a signal indication to proceed is displayed except as provided in divisions (c)(1), (c)(2), and (c)(3) of this section.
- B. Except when a traffic control device is in place prohibiting a turn on red or a steady red arrow signal indication is displayed, vehicular traffic facing a steady circular red signal indication is permitted, after stopping, to enter the intersection to turn right, or to turn left from a one-way street into a one-way street. The right to proceed with the turn shall be subject to the provisions that are applicable after making a stop at a stop sign.
- (2) A. Vehicular traffic facing a steady red arrow signal indication shall not enter the intersection to make the movement indicated by the arrow and, unless entering the intersection to make another movement permitted by another signal indication, shall stop at a clearly marked stop line; but if there is no stop line, before entering the crosswalk on the near side of the intersection; or if there is no crosswalk, then before entering the intersection; and shall remain stopped until a signal indication or other traffic control device permitting the movement indicated by such red arrow is displayed.
- B. When a traffic control device is in place permitting a turn on a steady red arrow signal indication, vehicular traffic facing a steady red arrow indication is permitted, after stopping, to enter the intersection to turn right, or to turn left from a one-way street into a one-way street. The right to proceed with the turn shall be limited to the direction indicated by the arrow and shall be subject to the provisions that are applicable after making a stop at a stop sign.
- (3) Unless otherwise directed by a pedestrian signal indication as provided in Ohio R.C. 4511.14 or other traffic control device, pedestrians facing a steady circular red or steady red arrow signal indication shall not enter the roadway.
- (4) Local authorities by ordinance, or the Director of Transportation on state highways, may prohibit a right or a left turn against a steady red signal at any intersection, which shall be effective when signs giving notice thereof are posted at the intersection.
- (d) Flashing Green Signal Indication. A flashing green signal indication has no meaning and shall not be used.
- (e) Flashing Yellow Signal Indication.
- (1) A. Vehicular traffic, on an approach to an intersection, facing a flashing circular yellow signal indication, is permitted to cautiously enter the intersection to proceed straight through or turn right or left or make a u-turn movement except as such movement is modified by lane-use signs, turn prohibition signs, lane markings, roadway design,

2014 S-12

- separate turn signal indications, or other traffic control devices. Such vehicular traffic, including vehicles turning right or left or making a u-turn movement, shall yield the right-of-way to both of the following:
1. Pedestrians lawfully within an associated crosswalk;
 2. Other vehicles lawfully within the intersection.
- B. In addition, vehicular traffic turning left or making a u-turn to the left shall yield the right-of-way to other vehicles approaching from the opposite direction so closely as to constitute an immediate hazard during the time when such turning vehicle is moving across or within the intersection.
- (2) A. Vehicular traffic, on an approach to an intersection, facing a flashing yellow arrow signal indication, displayed alone or in combination with another signal indication, is permitted to cautiously enter the intersection only to make the movement indicated by such arrow, or other such movement as is permitted by other signal indications displayed at the same time. Such vehicular traffic, including vehicles turning right or left or making a u-turn, shall yield the right-of-way to both of the following:
1. Pedestrians lawfully within an associated crosswalk;
 2. Other vehicles lawfully within the intersection.
- B. In addition, vehicular traffic turning left or making a u-turn to the left shall yield the right-of-way to other vehicles approaching from the opposite direction so closely as to constitute an immediate hazard during the time when such turning vehicle is moving across or within the intersection.
- (3) Pedestrians facing any flashing yellow signal indication at an intersection, unless otherwise directed by a pedestrian signal indication or other traffic control device, are permitted to proceed across the roadway within any marked or unmarked associated crosswalk. Pedestrians shall yield the right-of-way to vehicles lawfully within the intersection at the time that the flashing yellow signal indication is first displayed.
- (4) When a flashing circular yellow signal indication is displayed as a beacon to supplement another traffic control device, road users are notified that there is a need to pay additional attention to the message contained thereon or that the regulatory or warning requirements of the other traffic control device, which might not be applicable at all times, are currently applicable.
- (f) Flashing Red Signal Indication.
- (1) Vehicular traffic, on an approach to an intersection, facing a flashing circular red signal indication, shall stop at a clearly marked stop line; but if there is no stop line, before entering the crosswalk on the near side of the intersection; or if there is no crosswalk, at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection. The right to proceed shall be subject to the provisions that are applicable after making a stop at a stop sign.
 - (2) Pedestrians facing any flashing red signal indication at an intersection, unless otherwise directed by a pedestrian signal indication or other traffic control device, are permitted to proceed across the roadway within any marked or unmarked associated crosswalk. Pedestrians shall yield the right-of-way to vehicles lawfully within the intersection at the time that the flashing red signal indication is first displayed.

2013 S-11

- (3) When a flashing circular red signal indication is displayed as a beacon to supplement another traffic control device, road users are notified that there is a need to pay additional attention to the message contained thereon or that the regulatory requirements of the other traffic control device, which might not be applicable at all times, are currently applicable. Use of this signal indication shall be limited to supplementing stop, do not enter, or wrong way signs, and to applications where compliance with the supplemented traffic control device requires a stop at a designated point.
- (g) In the event an official traffic-control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made at the signal.
- (h) This section does not apply at railroad grade crossings. Conduct of drivers of vehicles approaching railroad grade crossings shall be governed by R.C. §§ 4511.61 and 4511.62. (ORC 4511.13)

414.04 SIGNAL TO CONTROL LANE DIRECTION OF TRAVEL.

The meanings of lane-use control signal indications are as follows:

- (a) A Steady Downward Green Arrow. A road user is permitted to drive in the lane over which the arrow signal indication is located.

- (a) A steady walking person signal indication, which symbolizes "walk", means that a pedestrian facing the signal indication is permitted to start to cross the roadway in the direction of the signal indication, possibly in conflict with turning vehicles. The pedestrian shall yield the right-of-way to vehicles lawfully within the intersection at the time that the walking person signal indication is first shown.

2013 S-11

- (b) A flashing upraised hand signal indication, which symbolizes “don't walk”, means that a pedestrian shall not start to cross the roadway in the direction of the signal indication, but that any pedestrian who has already started to cross on a steady walking person signal indication shall proceed to the far side of the traveled way of the street or highway, unless otherwise directed by a traffic control device to proceed only to the median of a divided highway or only to some other island or pedestrian refuge area.
- (c) A steady upraised hand signal indication means that a pedestrian shall not enter the roadway in the direction of the signal indication.
- (d) Nothing in this section shall be construed to invalidate the continued use of pedestrian control signals utilizing the word “wait” if those signals were installed prior to March 28, 1985.

432.01 DRIVING UPON RIGHT SIDE OF ROADWAY; EXCEPTIONS.

(a) Upon all roadways of sufficient width, a vehicle shall be driven upon the right half of the roadway, except as follows:

- (1) When overtaking and passing another vehicle proceeding in the same direction, or when making a left turn under the rules governing such movements;
- (2) When an obstruction exists making it necessary to drive to the left of the center of the highway; provided, any person so doing shall yield the right-of-way to all vehicles traveling in the proper direction upon the unobstructed portion of the highway within such distance as to constitute an immediate hazard;
- (3) When driving upon a roadway divided into three or more marked lanes for traffic under the rules applicable thereon;
- (4) When driving upon a roadway designated and posted with signs for one-way traffic;
- (5) When otherwise directed by a police officer or traffic-control device.

(b) (1) Upon all roadways any vehicle proceeding at less than the prevailing and lawful speed of traffic at the time and place and under the conditions then existing shall be driven in the right-hand lane then available for traffic, and far enough to the right to allow passing by faster vehicles if such passing is safe and reasonable, except under any of

the following circumstances:

- A. When overtaking and passing another vehicle proceeding in the same direction;
 - B. When preparing for a left turn;
 - C. When the driver must necessarily drive in a lane other than the right-hand lane to continue on the driver's intended route.
- (2) Nothing in division (b)(1) of this section requires a driver of a slower vehicle to compromise the driver's safety to allow overtaking by a faster vehicle.

(c) Upon any roadway having four or more lanes for moving traffic and providing for two-way movement of traffic, no vehicle shall be driven to the left of the center line of the roadway, except when

2013 S-11

authorized by official traffic-control devices designating certain lanes to the left of the center of the roadway for use by traffic not otherwise permitted to use the lanes, or except as permitted under division (a)(2) of this section. This division shall not be construed as prohibiting the crossing of the center line in making a left turn into or from an alley, private road, or driveway.

(d) Except as otherwise provided in this division, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

(ORC 4511.25)

432.02 PASSING TO RIGHT WHEN PROCEEDING IN OPPOSITE DIRECTIONS.

(a) Operators of vehicles proceeding in opposite directions shall pass each other to the right, and upon roadways having width for not more than one line of traffic in each direction, each operator shall give to the other one-half of the main traveled portion of the roadway or as nearly one-half as is reasonably possible.

(b) Except as otherwise provided in this division, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

(ORC 4511.26)

432.03 OVERTAKING, PASSING TO LEFT; DRIVER'S DUTIES.

(a) The following rules govern the overtaking and passing of vehicles proceeding in the same direction:

- (1) The operator of a vehicle overtaking another vehicle proceeding in the same direction shall, except as provided in division (a)(3) of this section, signal to the vehicle to be overtaken, shall pass to the left thereof at a safe distance, and shall not again drive to the right side of the roadway until safely clear of the overtaken vehicle.
- (2) Except when overtaking and passing on the right is permitted, the operator of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle at the latter's audible signal, and the operator shall not increase the speed of the operator's vehicle until completely passed by the overtaking vehicle.
- (3) The operator of a vehicle overtaking and passing another vehicle proceeding in the same direction on a divided highway as defined in Ohio R.C. 4511.35, a limited access highway as defined in Ohio R.C. 5511.02, or a highway with four or more traffic lanes is not required to signal audibly to the vehicle being overtaken and passed.

(b) Except as otherwise provided in this division, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or

pleaded

2007 S-5

guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

(ORC 4511.27)

432.04 OVERTAKING, PASSING TO RIGHT OF VEHICLE.

(a) The driver of a vehicle may overtake and pass on the right of another vehicle only under the following conditions:

- (1) When the vehicle overtaken is making or about to make a left turn; or
- (2) Upon a roadway with unobstructed pavement of sufficient width for two or more lines of vehicles moving lawfully in the direction being traveled by the overtaking vehicle.

(b) The driver of a vehicle may overtake and pass another vehicle only under conditions permitting the movement in safety. The movement shall not be made by driving off the roadway.

(c) Except as otherwise provided in this division, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

(ORC 4511.28)

432.05 OVERTAKING, PASSING TO LEFT OF CENTERLINE.

(a) No vehicle shall be driven to the left of the center of the roadway in overtaking and passing traffic proceeding in the same direction, unless the left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit the overtaking and passing to be completely made without interfering with the safe operation of any traffic approaching from the opposite direction or any traffic overtaken. In every event, the overtaking vehicle must return to an authorized lane of travel as soon as practicable, and in the event the passing movement involves the use of a lane authorized for the traffic approaching from the opposite direction, before coming within 200 feet of any approaching vehicle.

(b) Except as otherwise provided in this division, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. 432.06 DRIVING UPON LEFT SIDE OF ROADWAY.

- (a) No vehicle shall be driven upon the left side of the roadway under the following conditions:
- (1) When approaching the crest of a grade or upon a curve in the highway, where the operator's view is obstructed within such a distance as to create a hazard in the event traffic might approach from the opposite direction;
 - (2) When the view is obstructed upon approaching within 100 feet of any bridge, viaduct, or tunnel; or
 - (3) When approaching within 100 feet of or traversing any intersection or railroad grade crossing.

(b) This section does not apply to vehicles upon a one-way roadway, upon a roadway where traffic is lawfully directed to be driven to the left side, or under the conditions described in Ohio R.C. 4511.25(A)(2) or a substantially equivalent municipal ordinance.

(c) Except as otherwise provided in this division, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.
(ORC 4511.30)

432.07 HAZARDOUS OR NO PASSING ZONES.

(a) The Department of Transportation may determine those portions of any State highway where overtaking and passing other traffic or driving to the left of the center or center line of the roadway would be especially hazardous, and may, by appropriate signs or markings on the highway, indicate the beginning and end of such zones. When signs or markings are in place and clearly visible, every operator of a vehicle shall obey the directions of the signs or markings, notwithstanding the distances set out in Ohio R.C. 4511.30.

- (b) Division (a) of this section does not apply when all of the following apply:
- (1) The slower vehicle is proceeding at less than half the speed of the speed limit applicable to that location.
 - (2) The faster vehicle is capable of overtaking and passing the slower vehicle without exceeding the speed limit.
 - (3) There is sufficient clear sight distance to the left of the center or center line of the roadway to meet the overtaking and passing provisions of Ohio R.C. 4511.29, considering the speed of the slower vehicle.

(c) Except as otherwise provided in this division, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been

432.08 DRIVING WITHIN LANES OR CONTINUOUS LINES OF TRAFFIC.

(a) Whenever any roadway has been divided into two or more clearly marked lanes for traffic, or wherever within the Municipality traffic is lawfully moving in two or more substantially continuous lines in the same direction, the following rules apply:

- (1) A vehicle shall be driven, as nearly as is practicable, entirely within a single lane or line of traffic and shall not be moved from the lane or line until the driver has first ascertained that the movement can be made with safety.
- (2) Upon a roadway which is divided into three lanes and provides for the two-way movement of traffic, a vehicle shall not be driven in the center lane, except when overtaking and passing another vehicle where the roadway is clearly visible and the center lane is clear of traffic within a safe distance, or when preparing for a left turn, or where the center lane is at the time allocated exclusively to traffic moving in the direction the vehicle is proceeding, and is posted with signs to give notice of such allocation.

(d) Evidence; Tests.

- (1) A. In any criminal prosecution or juvenile court proceeding for a violation of division (a)(1)A. of this section or for an equivalent offense that is vehicle-related, the result of any test of any blood or urine withdrawn and analyzed at any health care provider, as defined in Ohio R.C. 2317.02, may be admitted with expert testimony to be considered with any other relevant and competent evidence in determining the guilt or innocence of the defendant.
- B. In any criminal prosecution for a violation of division (a) or (b) of this section or for an equivalent offense that is vehicle-related, the court may admit evidence on the concentration of alcohol, drugs of abuse, controlled substances, metabolites of a controlled substance, or a combination of them in the defendant's whole blood, blood serum or plasma, breath, urine, or other bodily substance at the time of the alleged violation as shown by chemical analysis of the substance withdrawn within three hours of the time of the alleged violation. The three-hour time limit specified in this division regarding the admission of evidence does not extend or affect the two-hour time limit specified in Ohio R.C. 4511.192(A) as the maximum period of time during which a person may consent to a chemical test or tests as described in that section. The court may admit evidence on the concentration of alcohol, drugs of abuse, or a combination of them as described in

this division when a person submits to a blood test at the request of a law enforcement officer under Ohio R.C. 4511.191 or a

2010 S-8

substantially equivalent municipal ordinance, or a blood or urine sample is obtained pursuant to a search warrant. Only a physician, a registered nurse, an emergency medical technician-intermediate, an emergency medical technician-paramedic, or a qualified technician, chemist, or phlebotomist shall withdraw a blood sample for the purpose of determining the alcohol, drug, controlled substance, metabolite of a controlled substance, or combination of the whole blood, blood serum, or blood plasma. This limitation does not apply to the taking of breath or urine specimens. A person authorized to withdraw blood under this division may refuse to withdraw blood under this division, if in that person's opinion, the physical welfare of the person would be endangered by the withdrawing of blood. The bodily substance withdrawn under this division (d)(1)B. shall be analyzed in accordance with methods approved by the Director of Health by an individual possessing a valid permit issued by the Director pursuant to Ohio R.C. 3701.143.

- C. As used in division (d)(1)B. of this section, "emergency medical technician-intermediate" and "emergency medical technician-paramedic" have the same meanings as in Ohio R.C. 4765.01.
- (2) In a criminal prosecution for a violation of division (a) of this section or for an equivalent offense that is vehicle-related, if there was at the time the bodily substance was withdrawn a concentration of less than the applicable concentration of alcohol specified in divisions (a)(1)B., (a)(1)C., (a)(1)D. and (a)(1)E. of this section or less than the applicable concentration of a listed controlled substance or a listed metabolite of a controlled substance specified for a violation of division (a)(1)J. of this section, that fact may be considered with other competent evidence in determining the guilt or innocence of the defendant. This division does not limit or affect a criminal prosecution for a violation of division (b) of this section.
- (3) Upon the request of the person who was tested, the results of the chemical test shall be made available to the person or the person's attorney, immediately upon the completion of the chemical test analysis. If the chemical test was obtained pursuant to division (d)(1)B. of this section, the person tested may have a physician, a registered nurse, or a qualified technician, chemist, or phlebotomist of the person's own choosing administer a chemical test or tests, at the person's expense, in addition to any administered at the request of a law enforcement officer. If the person was under arrest as described in Ohio R.C. 4511.191(A)(5), the arresting officer shall advise the person at the time of the arrest that the person may have an independent chemical test taken at the person's own expense. If the person was under arrest other than described in Ohio R.C. 4511.191(A)(5), the form to be read to the person to be tested, as required under division (g) of this section, shall state that the person may have an independent test performed at the person's expense. The failure or inability to obtain an additional chemical test by a person shall not preclude the admission of evidence relating to the chemical test or tests taken at the request of a law enforcement officer.
- (4) A. As used in division (d)(4)B. and C. of this section, "National Highway Traffic Safety Administration" means the National Highway Traffic Safety Administration established as an administration of the United States Department of Transportation under 96 Stat. 2415 (1983), 49 U.S.C. 105.

- B. In any criminal prosecution or juvenile court proceeding for a violation of division (a) or (b) of this section, of a municipal ordinance relating to operating a vehicle

2011 S-9

while under the influence of alcohol, a drug of abuse, or alcohol and a drug of abuse, or of a municipal ordinance relating to operating a vehicle with a prohibited concentration of alcohol, a controlled substance, or a metabolite of a controlled substance in the whole blood, blood serum or plasma, breath, or urine, if a law enforcement officer has administered a field sobriety test to the operator of the vehicle involved in the violation and if it is shown by clear and convincing evidence that the officer administered the test in substantial compliance with the testing standards for any reliable, credible, and generally accepted field sobriety tests that were in effect at the time the tests were administered, including, but not limited to, any testing standards then in effect that were set by the National Highway Traffic Safety Administration, all of the following apply:

1. The officer may testify concerning the results of the field sobriety test so administered.
 2. The prosecution may introduce the results of the field sobriety test so administered as evidence in any proceedings in the criminal prosecution or juvenile court proceeding.
 3. If testimony is presented or evidence is introduced under division (d)(4)B.1. or 2. of this section and if the testimony or evidence is admissible under the Rules of Evidence, the court shall admit the testimony or evidence and the trier of fact shall give it whatever weight the trier of fact considers to be appropriate.
- C. Division (d)(4)B. of this section does not limit or preclude a court, in its determination of whether the arrest of a person was supported by probable cause or its determination of any other matter in a criminal prosecution or juvenile court proceeding of a type described in that division, from considering evidence or testimony that is not otherwise disallowed by division (d)(4)B. of this section.
- (e) (1) Subject to division (e)(3) of this section, in any criminal prosecution or juvenile court proceeding for a violation of division (a)(1)B., (a)(1)C., (a)(1)D., (a)(1)E., (a)(1)F., (a)(1)G., (a)(1)H., (a)(1)I. or (a)(1)J. or (b)(1), (b)(2), (b)(3), or (b)(4) of this section or for an equivalent offense that is substantially equivalent to any of those divisions, a laboratory report from any laboratory personnel issued a permit by the Department of Health authorizing an analysis as described in this division that contains an analysis of the whole blood, blood serum or plasma, breath, urine, or other bodily substance tested and that contains all of the information specified in this division shall be admitted as prima facie evidence of the information and statements that the report contains. The laboratory report shall contain all of the following:
- A. The signature, under oath, of any person who performed the analysis;
 - B. Any findings as to the identity and quantity of alcohol, a drug of abuse, a controlled substance, a metabolite of a controlled substance, or a combination of them that was found;
 - C. A copy of a notarized statement by the laboratory director or a designee of the director that contains the name of each certified analyst or test performer involved with the report, the analyst's or test performer's employment relationship with the

laboratory that issued the report, and a notation that performing an analysis of the type involved is part of the analyst's or test performer's regular duties;

2011 S-9

- D. An outline of the analyst's or test performer's education, training, and experience in performing the type of analysis involved and a certification that the laboratory satisfies appropriate quality control standards in general and, in this particular analysis, under rules of the Department of Health.
- (2) Notwithstanding any other provision of law regarding the admission of evidence, a report of the type described in division (e)(1) of this section is not admissible against the defendant to whom it pertains in any proceeding, other than a preliminary hearing or a grand jury proceeding, unless the prosecutor has served a copy of the report on the defendant's attorney or, if the defendant has no attorney, on the defendant.
- (3) A report of the type described in division (e)(1) of this section shall not be prima facie evidence of the contents, identity, or amount of any substance if, within seven days after the defendant to whom the report pertains or the defendant's attorney receives a copy of the report, the defendant or the defendant's attorney demands the testimony of the person who signed the report. The judge in the case may extend the seven-day time limit in the interest of justice.
- (f) (1) Except as otherwise provided in this division, any physician, registered nurse, emergency medical technician-intermediate, emergency medical technician-paramedic, or qualified technician, chemist, or phlebotomist who withdraws blood from a person pursuant to this section or Ohio R.C. 4511.19, 4511.191 or 4511.192, and any hospital, first-aid station, or clinic at which blood is withdrawn from a person pursuant to this section or Ohio R.C. 4511.19, 4511.191 or 4511.192, is immune from criminal liability and civil liability based upon a claim of assault and battery or any other claim that is not a claim of malpractice, for any act performed in withdrawing blood from the person. The immunity provided in this division also extends to an emergency medical service organization that employs an emergency medical technician-intermediate or emergency medical technician-paramedic who withdraws blood under this section. The immunity provided in this division is not available to a person who withdraws blood if the person engages in willful or wanton misconduct.
- (2) As used in division (f)(1), "emergency medical technician-intermediate" and "emergency medical technician-paramedic" have the same meanings as in Ohio R.C. 4765.01.
(ORC 4511.19(A) - (F))
- (g) Implied Consent.
- (1) Definitions. As used in this section:
- A. "Alcohol monitoring device" means any device that provides for continuous alcohol monitoring, any ignition interlock device, any immobilizing or disabling device other than an ignition interlock device that is constantly available to monitor the concentration of alcohol in a person's system, or any other device that provides for the automatic testing and periodic reporting of alcohol consumption by a person and that a court orders a person to use as a sanction imposed as a result of the person's conviction of or plea of guilty to an offense.
- B. "Physical control" has the same meaning as in Ohio R.C. 4511.194.
- (2) Implied consent to chemical tests. Any person who operates a vehicle upon a

highway or any public or private property used by the public for vehicular travel or parking within this

2011 S-9

Municipality or who is in physical control of a vehicle shall be deemed to have given consent to a chemical test or tests of the person's whole blood, blood serum or plasma, breath, or urine to determine the alcohol, drug of abuse, controlled substance, metabolite of a controlled substance, or combination content of the person's whole blood, blood serum or plasma, breath, or urine if arrested for a violation of division (a), (b) or (o) of this section, Ohio R.C. 4511.19(A) or (B), 4511.194 or a substantially equivalent municipal ordinance, or any other municipal OVI ordinance.

- (3) The chemical test or tests under division (g)(2) of this section shall be administered at the request of a law enforcement officer having reasonable grounds to believe the person was operating or in physical control of a vehicle in violation of a division, section, or ordinance identified in division (g)(2) of this section. The law enforcement agency by which the officer is employed shall designate which of the tests shall be administered.
- (4) Effect of death or unconsciousness. Any person who is dead or unconscious, or who otherwise is in a condition rendering the person incapable of refusal, shall be deemed to have consented as provided in division (g)(2) of this section and the test or tests may be administered, subject to Ohio R.C. 313.12 to 313.16.
- (5) A. If a law enforcement officer arrests a person for a violation of Ohio R.C. 4511.19(A) or (B), Ohio R.C. 4511.194 or a substantially equivalent municipal ordinance, or a municipal OVI ordinance and if the person if convicted would be required to be sentenced under Ohio R.C. 4511.19(G)(1)(c), (d), or (e), the law enforcement officer shall request the person to submit, and the person shall submit, to a chemical test or tests of the person's whole blood, blood serum or plasma, breath, or urine for the purpose of determining the alcohol, drug of abuse, controlled substance, metabolite of a controlled substance, or combination content of the person's whole blood, blood serum or plasma, breath, or urine. A law enforcement officer who makes a request pursuant to this division that a person submit to a chemical test or tests is not required to advise the person of the consequences of submitting to, or refusing to submit to, the test or tests and is not required to give the person the form described in division (g)(7) of this section, but the officer shall advise the person at the time of the arrest that if the person refuses to take a chemical test the officer may employ whatever reasonable means are necessary to ensure that the person submits to a chemical test of the person's whole blood or blood serum or plasma. The officer shall also advise the person at the time of the arrest that the person may have an independent chemical test taken at the person's own expense. Divisions (g)(3) and (g)(4) of this section apply to the administration of a chemical test or tests pursuant to this division.
- B. If a person refuses to submit to a chemical test upon a request made pursuant to division (g)(5)A. of this section, the law enforcement officer who made the request may employ whatever reasonable means are necessary to ensure that the person submits to a chemical test of the person's whole blood or blood serum or plasma. A law enforcement officer who acts pursuant to this division to ensure that a person submits to a chemical test of the person's whole blood or blood serum or plasma is immune from criminal and civil liability based upon a claim for assault and battery or any other claim for the acts, unless the officer so acted

with malicious purpose, in bad faith, or in a wanton or reckless manner.
(ORC 4511.191(A))

Except as provided in division (g)(5) of this section, the arresting law enforcement officer shall give advice in accordance with this division to any person under arrest for a violation of division (a) or (o) of this section, Ohio R.C. 4511.19(A) or (B), Ohio R.C. 4511.194 or a substantially equivalent municipal ordinance, or any other municipal OVI ordinance. The officer shall give that advice in a written form that contains the information described in division (g)(7) of this section and shall read the advice to the person. The form shall contain a statement that the form was shown to the person under arrest and read to the person by the arresting officer. One or more persons shall witness the arresting officer's reading of the form, and the witnesses shall certify to this fact by signing the form. The person must submit to the chemical test or tests, subsequent to the request of the arresting officer, within two hours of the time of the alleged violation and, if the person does not submit to the test or tests within that two-hour time limit, the failure to submit automatically constitutes a refusal to submit to the test or tests.
- (7) Certification of arrest. Except as provided in division (g)(5) of this section, if a person is under arrest as described in division (g)(6) of this section, before the person may be requested to submit to a chemical test or tests to determine the alcohol, drug of abuse, controlled substance, metabolite of a controlled substance, or combination content of the person's whole blood, blood serum or plasma, breath, or urine, the arresting officer shall read the following form to the person:

“You now are under arrest for (specifically state the offense under State law or a substantially equivalent municipal ordinance for which the person was arrested – operating a vehicle under the influence of alcohol, a drug, or a combination of them; operating a vehicle while under the influence of a listed controlled substance or a listed metabolite of a controlled substance; operating a vehicle after underage alcohol consumption; or having physical control of a vehicle while under the influence).

If you refuse to take any chemical test required by law, your Ohio driving privileges will be suspended immediately, and you will have to pay a fee to have the privileges reinstated. If you have a prior conviction of O.V.I., O.V.U.A.C., or operating a vehicle while under the influence of a listed controlled substance or a listed metabolite of a controlled substance under State or municipal law within the preceding 20 years, you are now under arrest for State O.V.I., and, if you refuse to take a chemical test, you will face increased penalties if you subsequently are convicted of the State O.V.I.

(Read this part unless the person is under arrest for solely having physical control of a vehicle while under the influence.) If you take any chemical test required by law and are found to be at or over the prohibited amount of alcohol, a controlled substance, or a metabolite of a controlled substance in your whole blood, blood serum or plasma, in your blood, breath, or urine as set by law, your Ohio driving privileges will be suspended immediately, and you will have to pay a fee to have the privileges reinstated.

2010 S-8

If you take a chemical test, you may have an independent chemical test taken at your own expense.”

- (8) Actions required by arresting officer. If the arresting law enforcement officer does not ask a person under arrest as described in division (g)(5) or (g)(6) of this section to submit to a chemical test or tests under Ohio R.C. 4511.191 or this section, the arresting officer shall seize the Ohio or out-of-state driver's or commercial driver's license or permit of the person and immediately forward it to the court in which the arrested person is to appear on the charge. If the arrested person is not in possession of the person's license or permit or it is not in the person's vehicle, the officer shall order the person to surrender it to the law enforcement agency that employs the officer within 24 hours after the arrest, and, upon the surrender, the agency immediately shall forward the license or permit to the court in which the person is to appear on the charge. Upon receipt of the license or permit, the court shall retain it pending the arrested person's initial appearance and any action taken under Ohio R.C. 4511.196.
- (9) A. If a law enforcement officer asks a person under arrest as described in division (g)(5) of this section to submit to a chemical test or tests under that division and the test results indicate a prohibited concentration of alcohol, a controlled substance, or a metabolite of a controlled substance in the person's whole blood, blood serum or plasma, breath, or urine at the time of the alleged offense, or if a law enforcement officer asks a person under arrest as described in division (g)(6) of this section to submit to a chemical test or tests under Ohio R.C. 4511.191 or this section, if the officer advises the person in accordance with this section of the consequences of the person's refusal or submission, and if either the person refuses to submit to the test or tests or, unless the arrest was for a violation of division (o) of this section, Ohio R.C. 4511.194 or a substantially equivalent municipal ordinance, the person submits to the test or tests and the test results indicate a prohibited concentration of alcohol, a controlled substance, or a metabolite of a controlled substance in the person's whole blood, blood serum or plasma, breath, or urine at the time of the alleged offense, the arresting officer shall do all of the following:
1. On behalf of the Registrar of Motor Vehicles, notify the person that, independent of any penalties or sanctions imposed upon the person, the person's Ohio driver's or commercial driver's license or permit or nonresident operating privilege is suspended immediately, that the suspension will last at least until the person's initial appearance on the charge, which will be held within five days after the date of the person's arrest or the issuance of a citation to the person, and that the person may appeal the suspension at the initial appearance or during the period of time ending 30 days after that initial appearance;
 2. Seize the driver's or commercial driver's license or permit of the person and immediately forward it to the Registrar. If the arrested person is not in possession of the person's license or permit or it is not in the person's vehicle, the officer shall order the person to surrender it to the law enforcement

agency

- that employs the officer within 24 hours after the person is given notice of the suspension, and, upon the surrender, the officer's employing agency immediately shall forward the license or permit to the Registrar;
3. Verify the person's current residence and, if it differs from that on the person's driver's or commercial driver's license or permit, notify the Registrar of the change;
 4. Send to the Registrar, within 48 hours after the arrest of the person, a sworn report that includes all of the following statements:
 - a. That the officer had reasonable grounds to believe that, at the time of the arrest, the arrested person was operating a vehicle in violation of Ohio R.C. 4511.19(A) or (B) or a municipal OVI ordinance or for being in physical control of a stationary vehicle in violation of Ohio R.C. 4511.194 or a substantially equivalent municipal ordinance;
 - b. That the person was arrested and charged with a violation of Ohio R.C. 4511.19(A) or (B), Ohio R.C. 4511.194 or a substantially equivalent municipal ordinance, or a municipal OVI ordinance;
 - c. Unless division (g)(9)A.4.e. of this section applies, that the officer asked the person to take the designated chemical test or tests, advised the person in accordance with this section of the consequences of submitting to, or refusing to take, the test or tests, and gave the person the form described in division (g)(7) of this section;
 - d. Unless division (g)(9)A.4.e. of this section applies, that either the person refused to submit to the chemical test or tests or, unless the arrest was for a violation of Ohio R.C. 4511.194 or a substantially equivalent municipal ordinance, the person submitted to the chemical test or tests and the test results indicate a prohibited concentration of alcohol, a controlled substance, or a metabolite of a controlled substance in the person's whole blood, blood serum or plasma, breath, or urine at the time of the alleged offense.
 - e. If the person was under arrest as described in division (g)(5) of this section and the chemical test or tests were performed in accordance with that division, that the person was under arrest as described in that division, that the chemical test or tests were performed in accordance with that division, and that test results indicated a prohibited concentration of alcohol, a controlled substance, or a metabolite of a controlled substance in the person's whole blood, blood serum or plasma, breath, or urine at the time of the alleged offense.
- B. Division (g)(9)A. of this section does not apply to a person who is arrested for a violation of division (o) of this section, Ohio R.C. 4511.194 or a substantially equivalent municipal ordinance, who is asked by a law enforcement officer to submit to a chemical test or tests under this section, and who submits to the test or tests, regardless of the amount of alcohol, a controlled substance, or a metabolite of a controlled substance that the test results indicate is present in the person's whole blood, blood serum or plasma, breath, or urine.

(10) Sworn report of arresting officer.

- A. The arresting officer shall give the officer's sworn report that is completed under this section to the arrested person at the time of the arrest, or the Registrar of Motor Vehicles shall send the report to the person by regular first class mail as soon as possible after receipt of the report, but not later than 14 days after receipt of it. An arresting officer may give an unsworn report to the arrested person at the time of the arrest provided the report is complete when given to the arrested person and subsequently is sworn to by the arresting officer. As soon as possible, but not later than 48 hours after the arrest of the person, the arresting officer shall send a copy of the sworn report to the court in which the arrested person is to appear on the charge for which the person was arrested.
- B. The sworn report of an arresting officer completed under this section is prima facie proof of the information and statements that it contains. It shall be admitted and considered as prima facie proof of the information and statements that it contains in any appeal under Ohio R.C. 4511.197 relative to any suspension of a person's driver's or commercial driver's license or permit or nonresident operating privilege that results from the arrest covered by the report.

A suspension of a person's driver's or commercial driver's license or permit or nonresident operating privilege under this section for the time described in Ohio R.C. 4511.191(B) or (C) is effective immediately from the time at which the arresting officer serves the notice of suspension upon the arrested person. Any subsequent finding that the person is not guilty of the charge that resulted in the person's being requested to take the chemical test or tests under division (g)(1) through (g)(5) of this section does not affect the suspension.

(12) Initial appearance. If a person arrested for operating a vehicle in violation of division (a) or (b) of this section, Ohio R.C. 4511.19(A) or (B), or any other municipal OVI ordinance, or for being in physical control of a vehicle in violation of division (o) of this section or Ohio R.C. 4511.194 or a substantially equivalent municipal ordinance, regardless of whether the person's driver's or commercial driver's license or permit or nonresident operating privilege is or is not suspended under Ohio R.C. 4511.191(B) or (C) or Ohio R.C. Chapter 4510, the person's initial appearance on the charge resulting from the arrest shall be held within five days of the persons' arrest or the issuance of the citation to him or her, subject to any continuance granted by the court pursuant to Ohio R.C. 4511.197 regarding the issues specified in that section.

(b) It is prima facie lawful, in the absence of a lower limit declared or established pursuant to this section by the Director of Transportation or local authorities, for the operator of a motor vehicle to operate the same at a speed not exceeding the following:

- (1) A. Twenty miles per hour in school zones during school recess and while children are going to or leaving school during the opening or closing hours, and when 20 miles per hour school speed limit signs are erected, except that on controlled-access highways and expressways, if the right-of-way line fence has been erected without pedestrian opening, the speed shall be governed by division (b)(4) of this section, and on freeways, if the right-of-way line fence has been erected without pedestrian opening, the speed shall be governed by divisions (b)(9) and (b)(10) of this section. The end of every school zone may be marked by a sign indicating the end of the zone. Nothing in this section or in the *Manual and Specifications for a Uniform System of Traffic-Control Devices* shall be construed to require school zones to be indicated by signs equipped with flashing or other lights, or giving other special notice of the hours in which the school zone speed limit is in effect.

The distances in divisions (b)(1)C.1. through 3. below shall not exceed 300 feet per approach per direction, and are bounded by whichever of the following distances or combination thereof the Director approves as most appropriate:

 2. The distance encompassed by projecting the school property lines intersecting the fronting highway and extending a distance of 300 feet on each approach direction;
 3. The distance encompassed by the special marking of the pavement for a principal school pupil crosswalk plus a distance of 300 feet on each approach direction of the highway.
- D. Nothing in this section shall be construed to invalidate the Director's initial action on August 9, 1976, establishing all school zones at the traditional school zone boundaries defined by projecting school property lines, except when those boundaries are extended as provided in divisions (b)(1)A. and (b)(1)C. of this section.

 - A. Except as otherwise provided in division (c)(3)B. or (c)(3)B. of this section, the court may order, for 30 days, the immobilization of the vehicle involved in the offense and the impoundment of that vehicle's license plates. If issued, the order shall be issued and enforced under R.C. § 4503.233.

The period of denial shall be five years after the date the order is issued, unless, during that five-year period, the court with jurisdiction of the offense that resulted in the order terminates the forfeiture and notifies the Registrar of the termination. The registrar then shall take necessary measures to permit the person to register a vehicle owned or leased by the person or to transfer registration of the vehicle.
 - (7) The offender shall provide the court with proof of financial responsibility as defined in R.C. § 4509.01. Chapter 4509, shall operate any motor vehicle within this Municipality, or knowingly permit any motor vehicle owned by the person to be operated by another person in the Municipality, during the period of the suspension or cancellation, except as specifically authorized by Ohio R.C. Chapter 4509. No person shall operate a motor vehicle within this Municipality, or knowingly permit any motor vehicle owned by the person to be operated by another person in the Municipality, during the period in which the person is required by Ohio R.C. 4509.45 to file and maintain proof of financial responsibility for a violation of Ohio R.C. 4509.101, unless proof of financial responsibility is maintained with respect to that vehicle.

(b) No person shall operate any motor vehicle upon a highway or any public or private property used by the public for purposes of vehicular travel or parking in this municipality if the person's driver's or commercial driver's license or temporary instruction permit or nonresident operating privilege has been suspended pursuant to R.C. § 4509.37 or 4509.40 for nonpayment of a judgment.

(c) Upon the request or motion of the prosecuting authority, a noncertified copy of the law enforcement automated data system report or a noncertified copy of a record of the registrar of motor vehicles that shows the name, date of birth, and social security number of a person charged with a violation of division (a) or (b) of this section may be admitted into evidence as prima facie evidence that the license of the person was under either a financial responsibility law suspension at the time of

the alleged violation of division (a) of this section or a nonpayment of judgment suspension at the time of the alleged violation

of division (b) of this section. The person charged with a violation of division (a) or (b) of this section may offer evidence to rebut this prima facie evidence.

When the offense is an unclassified misdemeanor, the offender shall be sentenced pursuant to § 698.02, § 698.03 or R.C. §§ 2929.21 to 2929.28, except that the offender shall not be sentenced to a jail term; the offender shall not be sentenced to a community residential sanction pursuant to § 698.02(d) or R.C. § 2929.26; notwithstanding § 698.02(f)(1)B.1. and R.C. § 2929.28(A)(2)(a), the offender may be fined up to \$1,000; and, notwithstanding § 698.02(e)(1)C. and R.C. § 2929.27(A)(3), the offender may be ordered pursuant to § 698.02(e)(3) or R.C. § 2929.27(C) to serve a term of community service of up to 500 hours. The failure of an offender to complete a term of community service imposed by the court may be punished as indirect criminal contempt under R.C. § 2705.02(A) that may be filed in the underlying case.

- (3) The offender shall provide the court with proof of financial responsibility as defined in R.C. § 4509.01. If the offender fails to provide that proof of financial responsibility, then in addition to any other penalties provided by law, the court may order restitution pursuant to R.C. § 2929.28 in an amount not exceeding \$5,000 for any economic loss arising from an accident or collision that was the direct and proximate result of the offender's operation of the vehicle before, during, or after committing the offense for which the offender is sentenced under this section.
(ORC 4510.16)

- (e) (1) It is an affirmative defense to any prosecution brought under this section that the alleged offender drove under suspension, without a valid permit or driver's or commercial driver's license, or in violation of a restriction because of a substantial emergency, and because no other person was reasonably available to drive in response to the emergency.
- (2) It is an affirmative defense to any prosecution brought under this section that the order of suspension resulted from the failure of the alleged offender to respond to a financial responsibility random verification request under Ohio R.C. 4509.101(A)(3)(c) and that, at the time of the initial financial responsibility random verification request, the alleged

offender was in compliance with Ohio R.C. 4509.101(A)(1) as shown by proof of financial responsibility that was in effect at the time of that request.

Chapter 119, establishing standards and specifications for the position of mounting of the alternate reflective material authorized by this division, permit, as a minimum, the alternate reflective material to be black, gray, or silver in color. The alternate reflective material shall be mounted on the animal-drawn vehicle so as to be visible, at all times specified in Ohio R.C. 4513.03 or a substantially equivalent municipal ordinance, from a distance of not less than 500 feet to the rear when illuminated by the lawful lower beams of headlamps.
- (g) (1) Every unit of farm machinery that is designed by its manufacturer to operate at a speed greater than 25 miles per hour shall display a slow-moving vehicle emblem and a speed identification symbol that meets the specifications contained in the American Society of Agricultural Engineers Standard ANSI/ASAE S584 JAN2005, Agricultural Equipment: Speed Identification Symbol (SIS) when the unit is operated upon a street or highway, irrespective of the speed at which the unit is operated on the street or highway. The speed identification symbol shall indicate the maximum speed in miles per hour at which the unit of farm machinery is designed by its manufacturer to operate. The display of the speed identification symbol shall be in accordance with the standard prescribed in this division.
- (2) If an agricultural tractor that is designed by its manufacturer to operate at a speed greater than 25 miles per hour is being operated on a street or highway at a speed greater than 25 miles per hour and is towing, pulling, or otherwise drawing a unit of farm machinery, the unit of farm machinery shall display a slow-moving vehicle

emblem and a speed identification symbol that is the same as the speed identification symbol that is displayed on the agricultural tractor.

2010 S-8

(h) When an agricultural tractor that is designed by its manufacturer to operate at a speed greater than 25 miles per hour is being operated on a street or highway at a speed greater than 25 miles per hour, the operator shall possess some documentation published or provided by the manufacturer indicating the maximum speed in miles per hour at which the manufacturer designed the agricultural tractor to operate.

(i) As used in this section, "boat trailer" means any vehicle designed and used exclusively to transport a boat between a place of storage and a marina, or in and around a marina, when drawn or towed on a street or highway for a distance of no more than ten miles and at a speed of 25 miles per hour or less.

438.19 MOTOR VEHICLE AND MOTORCYCLE BRAKES.

(a) The following requirements govern as to brake equipment on vehicles:

- (1) Every motor vehicle, other than a motorcycle, when operated upon a highway shall be equipped with brakes adequate to control the movement of and to stop and hold the motor vehicle, including two separate means of applying the brakes, each of which means shall be effective to apply the brakes to at least two wheels. If these two separate means of applying the brakes are connected in any way, then on such motor vehicles, manufactured or assembled after January 1, 1942, they shall be so constructed that failure of any one part of the operating mechanism shall not leave the motor vehicle without brakes on at least two wheels.
- (2) Every motorcycle, when operated upon a highway shall be equipped with at least one adequate brake, which may be operated by hand or by foot.
- (3) Every motorized bicycle shall be equipped with brakes meeting the rules adopted by the Director of Public Safety under Ohio R.C. 4511.521.
- (4) When operated upon the highways, the following vehicles shall be equipped with brakes adequate to control the movement of and to stop and to hold the vehicle, designed to be applied by the driver of the towing motor vehicle from its cab, and also designed and connected so that, in case of a breakaway of the towed vehicle, the brakes shall be automatically applied:

A. Except as otherwise provided in this section, every trailer or semitrailer, except a pole trailer, with an empty weight of 2,000 pounds or more,

manufactured or assembled on or after January 1, 1942;

2015 S-13

- B. Every manufactured home or travel trailer with an empty weight of 2,000 pounds or more, manufactured or assembled on or after January 1, 2001.
- (5) Every watercraft trailer with a gross weight or manufacturer's gross vehicle weight rating of 3,000 pounds or more that is manufactured or assembled on or after January 1, 2008, shall have separate brakes equipped with hydraulic surge or electrically operated brakes on two wheels.
 - (6) In any combination of motor-drawn trailers or semitrailers equipped with brakes, means shall be provided for applying the rearmost brakes in approximate synchronism with the brakes on the towing vehicle, and developing the required braking effort on the rearmost wheels at the fastest rate; or means shall be provided for applying braking effort first on the rearmost brakes; or both of the above means, capable of being used alternatively, may be employed.
 - (7) Every vehicle and combination of vehicles, except motorcycles and motorized bicycles, and except trailers and semitrailers of a gross weight of less than 2,000 pounds, and pole trailers, shall be equipped with parking brakes adequate to hold the vehicle on any grade on which it is operated, under all conditions of loading, on a surface free from snow, ice, or loose material. The parking brakes shall be capable of being applied in conformance with the foregoing requirements by the driver's muscular effort or by spring action or by equivalent means. Their operation may be assisted by the service brakes or other source of power provided that failure of the service brake actuation system or other power assisting mechanism will not prevent the parking brakes from being applied in conformance with the foregoing requirements. The parking brakes shall be so designed that when once applied they shall remain applied with the required effectiveness despite exhaustion of any source of energy or leakage of any kind.
 - (8) The same brake drums, brake shoes and lining assemblies, brake shoe anchors, and mechanical brake shoe actuation mechanism normally associated with the wheel brake assemblies may be used for both the service brakes and the parking brakes. If the means of applying the parking brakes and the service brakes are connected in any way, they shall be so constructed that failure of any one part shall not leave the vehicle without operative brakes.
 - (9) Every motor vehicle or combination of motor-drawn vehicles shall, at all times and under all conditions of loading, be capable of being stopped on a dry, smooth, level road free from loose material, upon application of the service or foot brake, within the following specified distances, or shall be capable of being decelerated at a sustained rate corresponding to these distances:

(e) Notwithstanding any provision of law to the contrary, no law enforcement officer shall cause an operator of a motor vehicle being operated on any street or highway to stop the motor vehicle for the sole purpose of determining whether a violation of division (c) or (d) of this section has been or is being committed or for the sole purpose of issuing a ticket, citation, or summons for a violation of division (c) or (d) of this section or causing the arrest of or commencing a prosecution of a person for a violation of division (c) or (d) of this section, and absent another violation of law, a law enforcement officer's view of the interior or visual inspection of a motor vehicle being operated on any street or highway may not be used for the purpose of determining whether a violation of division (c) or (d) of this section has been or is being committed.

(i) Nothing in this section shall be construed to require any person to carry with the person the birth certificate of a child to prove the age of the child, but the production of a valid birth certificate for a child showing that the child was not of an age to which this section applies is a defense against any ticket, citation or summons issued for violating this section.

- (5) "Tort action" means a civil action for damages for injury, death, or loss to person or property. "Tort action" includes a product liability claim, as defined in Ohio R.C. 2307.71, and as asbestos claim, as defined in Ohio R.C. 2307.91, but does not include a civil action for damages for breach of contract or another agreement between persons.
- (6) "Vehicle" and "motor vehicle," as used in the definitions of the terms set forth above, have the same meanings as in Ohio R.C. 4511.01.
- (b) Prohibited Acts. No person shall do any of the following:
- (1) Operate an automobile on any street or highway unless he or she is wearing all of the available elements of a properly adjusted occupant restraining device, or operate a school bus that has an occupant restraining device installed for use in its operator's seat unless he or she is wearing all of the available elements of the device, as properly

adjusted.

2010 S-8

- (3) Occupy, as a passenger, a seating position on the front seat of an automobile being operated on any street or highway unless he or she is wearing all of the available elements of a properly adjusted occupant restraining device.
- (4) Operate a taxicab on any street or highway unless all factory-equipped occupant restraining devices in the taxicab are maintained in usable form.

(c) Exceptions. Division (b)(3) of this section does not apply to a person who is required by Ohio R.C. 4511.81 or a substantially equivalent municipal ordinance to be secured in a child restraint device or booster seat. Division (b)(1) of this section does not apply to a person who is an employee of the United States Postal Service or of a newspaper home delivery service, during any period in which the person is engaged in the operation of an automobile to deliver mail or newspapers to addressees. Chapter 4731 or a chiropractor licensed to practice in this State under Ohio R.C. Chapter 4734 that states that the person has a physical impairment that makes use of an occupant restraining device impossible or impractical.

(d) Officers Not Permitted to Stop Cars to Determine Violation. Notwithstanding any provision of law to the contrary, no law enforcement officer shall cause an operator of an automobile being operated on any street or highway to stop the automobile for the sole purpose of determining whether a violation of division (b) of this section has been or is being committed or for the sole purpose of issuing a ticket, citation, or summons for the violation or for causing the arrest of or commencing a prosecution of a person for the violation. No law enforcement officer shall view the interior or visually inspect any automobile being operated on any street or highway for the sole purpose of determining whether the violation has been or is being committed.

- (1) Subject to division (f)(2) of this section, the failure of a person to wear all of the available elements of a properly adjusted occupant restraining device in violation of division (b)(1) or (b)(3) of this section or the failure of a person to ensure that each minor who is a passenger of an automobile being operated by that person is wearing all of the available elements of a properly adjusted occupant restraining device in violation of division (b)(2) of this section shall not be considered or used by the trier of fact in a tort action as evidence of negligence or contributory negligence. But, the trier of fact may determine based on evidence admitted consistent with the Ohio Rules of Evidence that the failure contributed to the harm alleged in the tort action and may diminish a recovery of compensatory damages that represents non-economic loss, as defined in Ohio R.C. 2307.011, in a tort action that could have been recovered but for the

plaintiff's failure to wear all of the available elements of a properly adjusted occupant restraining device. Evidence of that

2010 S-8

failure shall not be used as a basis for a criminal prosecution of the person other than a prosecution for a violation of this section; and shall not be admissible as evidence in a criminal action involving the person other than a prosecution for a violation of this section.

- (2) If, at the time of an accident involving a passenger car equipped with occupant restraining devices, any occupant of the passenger car who sustained injury or death was not wearing an available occupant restraining device, was not wearing all of the available elements of such a device, or was not wearing such a device as properly adjusted, then, consistent with the Rules of Evidence, the fact that the occupant was not wearing the available occupant restraining device, was not wearing all of the available elements of such a device, or was not wearing such a device as properly adjusted is admissible in evidence in relation to any claim for relief in a tort action to the extent that the claim for relief satisfies all of the following:
 - A. It seeks to recover damages for injury or death to the occupant;
 - B. The defendant in question is the manufacturer, designer, distributor, or seller of the passenger car;
 - C. The claim for relief against the defendant in question is that the injury or death sustained by the occupant was enhanced or aggravated by some design defect in the passenger car or that the passenger car was not crashworthy.
- (3) As used in division (f)(2) of this section, "tort action" means a civil action for damages for injury, death, or loss to person or property. "Tort action" includes a product liability claim that is subject to Ohio R.C. 2307.71 to 2307.80, but does not include a civil action for damages for a breach of a contract or another agreement between persons.

(g) Penalty.

(b) No person shall install or reinstall in any motor vehicle a counterfeit or nonfunctional air bag or any object intended to fulfill the function of an air bag other than an air bag that was designed in conformance with or that is regulated by Federal Motor Vehicle Safety Standard Number 208 for the make, model, and model year of the vehicle, knowing that the object is not in accordance with that standard.

- (e) (1) Whoever violates division (b) or (d) of this section is guilty of improper replacement of a motor vehicle air bag, a misdemeanor of the first degree on a first offense. On each subsequent offense, or if the violation results in serious physical harm to an individual, the person is guilty of a felony to be prosecuted under appropriate state law.

440.01 LOAD LIMITS.

(a) State Regulations.

(1) A. The Municipality, with respect to highways under their jurisdiction, upon application in writing, shall issue a special regional heavy hauling permit authorizing the applicant to operate or move a vehicle or combination of vehicles as follows:

1. At a size or weight of vehicle or load exceeding the maximum specified in Ohio R.C. 5577.01 to 5577.09, or otherwise not in conformity with Ohio R.C. 4513.01 to 4513.37.
2. Upon any highway under the jurisdiction of Municipality except those highways with a condition insufficient to bear the weight of the vehicle or combination of vehicles as stated in the application.
3. For regional trips at distances of 150 miles or less from a facility stated on the application as the applicant's point of origin.
4. Issuance of a special regional heavy hauling permit is subject to the payment of a fee established by the Municipality in accordance with this section.

B. In circumstances where a person is not eligible to receive a permit under division (a)(1)A. of this section, the Municipality, with respect to highways under its jurisdiction, upon application in writing and for good cause shown, may issue a

special permit in writing authorizing the applicant to operate or move a vehicle or combination of vehicles of a size or weight of vehicle or load exceeding the maximum specified in Ohio R.C. 5577.01 through 5577.09, or otherwise not in conformity with Ohio R.C. 4513.01 through 4513.37, upon any highway under its jurisdiction.

- (2) Notwithstanding Ohio R.C. 715.22 and 723.01, the holder of a permit issued by the Director of Transportation under Ohio R.C. 4513.34 may move the vehicle or combination of vehicles described in the permit on any highway that is a part of the State highway system when the movement is partly within and partly without the corporate limits of the Municipality. No local authority shall require any other permit or license or charge any license fee or other charge against the holder of a permit for the movement of a vehicle or combination of vehicles on any highway which is a part of the State highway system. The Ohio Director of Transportation shall not require the holder of a permit issued by the Municipality to obtain a special permit for the movement of vehicles or combination of vehicles on highways within the jurisdiction of the Municipality. Permits may be issued for any period of time not to exceed one year, as the local authority in its discretion determines advisable or for the duration of any public construction project.
- (3)
 - A. The application for a permit issued under this section shall be in the form that the Municipality prescribes. The Municipality may prescribe a permit fee to be imposed and collected when any permit described in this section is issued. The permit fee may be in an amount sufficient to reimburse the Municipality for the administrative costs incurred in issuing the permit, and also to cover the cost of normal and expected damage caused to the roadway or a street or highway structure as the result of the operation of the nonconforming vehicle or combination of vehicles.
 - B. For the purposes of this section and of rules adopted by the Director under Ohio R.C. 4513.34, milk transported in bulk by vehicle is deemed a nondivisible load.
 - C. For purposes of this section and of rules adopted by the Director under Ohio R.C. 4513.34, three or fewer aluminum coils, transported by a vehicle, are deemed a nondivisible load. The Director shall adopt rules establishing requirements for an aluminum coil permit that are substantially similar to the requirements for a steel coil permit under O.A.C. Chapter 5501:2-1.
- (4) The Municipality shall issue a special regional heavy hauling permit under division (a)(1)A. of this section upon application and payment of the applicable fee. However, the Municipality may issue or withhold a special permit specified in division (a)(1)B. of this section. If a permit is to be issued, the Municipality may limit or prescribe conditions of operation for the vehicle and may require the posting of a bond or other security conditioned upon the sufficiency of the permit fee to compensate for damage caused to the roadway or a street or highway structure. In addition, the Municipality, as a condition of issuance of an overweight permit, may require the applicant to develop and enter into a mutual agreement with the Municipality to compensate for or to repair excess damage caused to the roadway by travel under the permit.
- (5) Every permit issued under this section shall be carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection by any police officer or

2014 S-12

authorized agent of any authority granting the permit. No person shall violate any of the terms of a permit.

- (6) The Director of Transportation may debar an applicant from applying for a special permit under this section upon a finding based on a reasonable belief that the applicant has done any of the actions specified in Ohio R.C. 4513.34(F).
- (7) Notice and procedures for debarment shall be as provided in Ohio R.C. 4513.34(G).
- (8)
 - A. No person shall violate the terms of a permit issued under this section that relate to gross load limits.
 - B. No person shall violate the terms of a permit issued under this section that relate to axle load by more than 2,000 pounds per axle or group of axles.
 - C. No person shall violate the terms of a permit issued under this section that relate to an approved route except upon order of a law enforcement officer or authorized agent of the issuing authority.
- (9) A permit issued by the Municipality under this section for the operation of a vehicle or combination of vehicles is valid for the purposes of the vehicle operation in accordance with the conditions and limitations specified on the permit. Such a permit is voidable by law enforcement only for operation of a vehicle or combination of vehicles in violation of the weight, dimension, or route provisions of the permit. However, a permit is not voidable for operation in violation of a route provision of a permit if the operation is upon the order of a law enforcement officer.
(ORC 4513.34)

(b) Whoever violates division (a) of this section is guilty of a minor misdemeanor.
(ORC 4513.99)

(c) Local Streets. No person shall operate a vehicle exceeding a size as specified Ohio R.C. 5577.01 through 5577.09, or otherwise not in conformity with Ohio R.C. 4513.01 through 4513.37, or exceeding a gross weight of five tons, upon any street in the Municipality other than state routes and County roads, except those local streets designated as a truck route and marked as such by appropriate traffic signs, and except when such operation is necessary to load or unload property, to go to or from the usual place of storage of such vehicle or to perform any other legitimate business or act other than passage through the Municipality. Operators of vehicles so deviating from either a state route or a designated truck route within the Municipality shall confine such deviation to that required in order to accomplish the purpose of the departure. On County roads, Council or other duly designated local authority shall establish reasonable weight limits commensurate with the construction and material specifications for such roads and the load resistance of such roads as determined by the County Engineer. County roads shall be posted with signs indicating such weight limits.

2014 S-12

(d) Local Permit and Conditions. Upon application and for good cause, the Police Chief may issue a local permit authorizing an applicant to move an oversize or overweight vehicle or combination of vehicles upon local streets and highways.

- (1) No permittee shall be required to obtain a special permit from the Ohio Director of Transportation for the movement of the vehicle or combination of vehicles on streets or highways under local jurisdiction. However, the approval of the Ohio Director of Transportation shall be required for movement upon state routes as provided in division (a) of this section.
- (2) The Police Chief may grant a permit for a single or round trip, or for such period of time, not to exceed one year, as the Police Chief in his or her discretion deems advisable, or for the duration of any construction project. The Police Chief may limit or prescribe terms or conditions of operation for such vehicle or combination of vehicles by designating the route, hours, speed or such other restrictions as may be necessary for the preservation of the public peace, property, health and safety. The Police Chief may require the posting of bond or other security necessary to compensate for any damage to a roadway or road structure.
- (3) For each such permit, the Police Chief shall charge twenty-five dollars (\$25.00), and for each hour of time or any part thereof spent by the Police Department in supervising the movement of such vehicle, the applicant shall pay the sum of fifty dollars (\$50.00).
- (4) Except as provided in divisions (a) and (b) of this section, streets and highways shall be posted with signs indicating "no thru trucks - gross weight 5 tons" or words of similar import to inform drivers of the limitations imposed by this section. No driver shall disobey the instructions indicated on any such sign.
- (5) Violation of any of the limitations, terms or conditions of the permit granted by the Police Chief shall be cause for immediate revocation or suspension of such permit and denial of request for any future permit. Such violation shall also subject the violator to the penalties prescribed by Sections 408.01 and 408.02.

440.02 MAXIMUM WIDTH, HEIGHT AND LENGTH.

Any person adversely affected shall have the same right of appeal as provided in Ohio R.C. Chapter 119.

Such protectors or flaps shall have a ground clearance of not more than one-third of the distance from the center of the rearmost axle to the center of the flaps under any conditions of loading of the vehicle, and they shall be at least as wide as the tires they are protecting. If the vehicle is so designed and constructed that such requirements are accomplished by means of fenders, body construction, or other means of enclosure, then no such protectors or flaps are required. Only one such vehicle used to transport agricultural produce or agricultural production materials as provided in this section may be towed or drawn at one time except as follows:
- A. An agricultural tractor may tow or draw more than one such vehicle;
 - B. A pickup truck or straight truck designed by the manufacturer to carry a load of not less than one-half ton and not more than two tons may tow or draw not more than two such vehicles that are being used to transport agricultural produce from the farm to a local place of storage. 440.06 LOADS DROPPING OR LEAKING; TRACKING MUD; REMOVAL REQUIRED.

- (a) (1) No vehicle shall be driven or moved on any highway unless the vehicle is so constructed, loaded, or covered as to prevent any of its load from dropping, sifting, leaking, or otherwise escaping therefrom, except that sand or other substances may be dropped for the purpose of securing traction, or water or other substances may be sprinkled on a roadway in cleaning or maintaining the roadway.
- (2) Except for a farm vehicle used to transport agricultural produce or agricultural production materials or a rubbish vehicle in the process of acquiring its load, no vehicle loaded with garbage, swill, cans, bottles, waste paper, ashes, refuse, trash, rubbish, waste, wire, paper, cartons, boxes, glass, solid waste, or any other material of an unsanitary nature that is susceptible to blowing or bouncing from a moving vehicle shall be driven or moved on any highway unless the load is covered with a sufficient cover to prevent the load or any part of the load from spilling onto the highway.

If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.
(ORC 4511.701)

440.09 ROUTE AND LOAD INFORMATION.

Drivers of vehicles described in this chapter are required, upon request by a police officer, to give full and true information as to the route they are following and the name of the consignor and consignee and place of delivery or removal and the location of any consignment being hauled or goods being removed, and upon a designation by such police officer of a route to be followed, shall immediately adopt and pursue such route.

440.10 SHIFTING LOAD; LOOSE LOADS.

(a) In addition to any other lawful requirements of load distribution, no person shall operate any vehicle upon a street or highway unless such vehicle is so laden as to prevent its contents from shifting or otherwise unbalancing the vehicle to such an extent as to interfere with the safe operation of the same.

2009 S-7

However, when such a motor vehicle constitutes an obstruction to traffic it may be ordered into storage immediately unless either of the following applies:
 - A. The vehicle was involved in an accident and is subject to R.C. § 4513.66, or any substantially equivalent municipal ordinance;
 - B. The vehicle is a commercial motor vehicle. If the vehicle is a commercial motor vehicle, the Sheriff, Chief of Police, or state highway patrol trooper shall allow the owner or operator of the vehicle the opportunity to arrange for the removal of the motor vehicle within a period of time specified by the Sheriff, Chief of Police, or state highway patrol trooper. If the Sheriff, Chief of Police, or state highway patrol trooper determines that the vehicle cannot be removed within the specified period of time, the Sheriff, Chief of Police, or state highway patrol trooper shall order the removal of the vehicle.

2015 S-13

- (3) Subject to division (c) of this section, the Sheriff or Chief of Police shall designate the place of storage of any motor vehicle so ordered removed.

(b) If the Sheriff, Chief of Police, or a state highway patrol trooper issues an order under division (a) of this section and arranges for the removal of a motor vehicle by a towing service, the towing service shall deliver the motor vehicle to the location designated by the Sheriff or Chief of Police not more than two hours after the time it is removed.

- (c)
 - (1) The Sheriff or Chief of Police immediately shall cause a search to be made of the records of the Bureau of Motor Vehicles to ascertain the identity of the owner and any lienholder of a motor vehicle ordered into storage by the Sheriff or Chief of Police, or by a state highway patrol trooper. Upon obtaining such identity, the Sheriff or Chief of Police shall send or cause to be sent to the owner or lienholder at the owner's or lienholder's last known address by certified mail with return receipt requested, notice that informs the owner or lienholder that the motor vehicle will be declared a nuisance and disposed of if not claimed within ten days of the date of mailing of the notice.
 - (2) The owner or lienholder of the motor vehicle may reclaim the motor vehicle upon payment of any expenses or charges incurred in its removal and storage, and presentation of proof of ownership, which may be evidenced by a certificate of title or memorandum certificate of title to the motor vehicle, a certificate of registration for the motor vehicle, or a lease agreement. Upon presentation of proof of ownership evidenced as provided above, the owner of the motor vehicle also may retrieve any personal items from the vehicle without retrieving the vehicle and without paying any fee. However, the owner may not retrieve any personal item that has been determined by the Sheriff, Chief of Police or a state highway patrol trooper, as applicable, to be necessary to a criminal investigation. For purposes of this division (c)(2), "personal items" do not include any items that are attached to the vehicle.
 - (3) If the owner or lienholder of the motor vehicle reclaims it after a search of the records of the Bureau of Motor Vehicles has been conducted and after notice has been sent to the owner or lienholder as described in this section, and the search was conducted by the owner of the place of storage or the owner's employee, and the notice was sent to the motor vehicle owner by the owner of the place of storage or the owner's employee, the owner or lienholder shall pay to the place of storage a processing fee of \$25, in addition to any expenses or charges incurred in the removal and storage of the vehicle.

(d) If the owner or lienholder makes no claim to the motor vehicle within ten days of the date of mailing of the notice, and if the vehicle is to be disposed of at public auction as provided in R.C. § 4513.62 or any substantially equivalent municipal ordinance, the Sheriff or Chief of Police, without charge to any party, shall file with the Clerk of Courts of the county in which the place of storage is located an affidavit showing compliance with the requirements of this section. Upon presentation of the affidavit, the Clerk, without charge, shall issue a salvage certificate of title, free and clear of all liens and encumbrances, to the Sheriff or Chief of Police. If the vehicle is to be disposed of to a motor vehicle salvage dealer or other facility as provided in R.C. § 4513.62 or any substantially equivalent municipal ordinance, the Sheriff or

2015 S-13

Chief of Police shall execute in triplicate an affidavit, as prescribed by the Registrar of Motor Vehicles, describing the motor vehicle and the manner in which it was disposed of, and that all requirements of this section have been complied with. The Sheriff or Chief of Police shall retain the original of the affidavit for the Sheriff's or Chief's records, and shall furnish two copies to the motor vehicle salvage dealer or other facility. Upon presentation of a copy of the affidavit by the motor vehicle salvage dealer, the Clerk of Courts, within 30 days of the presentation, shall issue to such owner a salvage certificate of title, free and clear of all liens and encumbrances.

(e) Whenever a motor vehicle salvage dealer or other facility receives an affidavit for the disposal of a motor vehicle as provided in this section, the dealer or facility shall not be required to obtain an Ohio certificate of title to the motor vehicle in the dealer's or facility's own name if the vehicle is dismantled or destroyed and both copies of the affidavit are delivered to the Clerk of Courts.

 - B. For purposes of this division (g)(1), the fact that a motor vehicle has been so left without permission or notification is prima facie evidence of abandonment.
 - C. Nothing contained in this section and R.C. §§ 4513.60, 4513.61 and 4513.63 shall invalidate or prevent the enactment of further provisions of municipal ordinances regulating or prohibiting the abandonment of motor vehicles on streets, highways, public property or private property within the municipality.
- (2) Whoever violates this division (g) is guilty of a minor misdemeanor and shall also be assessed any costs incurred by the municipality in disposing of the abandoned junk motor vehicle, less any money accruing to the municipality from the disposal.
(ORC 4513.64)

(b) If the owner or operator of a motor vehicle that has been ordered into storage pursuant to division (a)(1) of this section arrives after the motor vehicle has been prepared for removal, but prior to its actual removal from the property, the towing service shall give the owner or operator oral or written notification at the time of such arrival that the vehicle owner or operator may pay a fee of not more than one-half of the fee for the removal of the motor vehicle under division (d)(1) of this section, in order to obtain release of the motor vehicle. The Sheriff or Chief of Police shall provide any information in the record that pertains to a particular motor vehicle to any person who, either in person or pursuant to a telephone call, identifies self as the owner or operator of the motor vehicle and requests information pertaining to its location.
