

Date: 08/08/2016

Subject: 2016 Community Development Block Grant, Neighborhood Revitalization Program.

Dear Resident:

The Village has received funding through the subject grant program for the construction of a new 5 foot wide concrete sidewalk along the south side of E. Market St. from S. Gordon Street to Holder Road. This project includes the removal and replacement of the existing driveway approaches. There will be a period of time when you will not be able to access, or use your driveway. If you have a special needs requirement for access please contact us so we can make appropriate arrangements?

Work is scheduled to begin the week of 08 /15 /2016. We will be in contact with the affected residents regarding driveway approaches during the week of 08/08/2016.

Thank you for your cooperation during this project.

You can also visit the Village Web Site (Engineering Department) for up to date schedules, and project progress reports.

A handwritten signature in blue ink, appearing to read "Don Morrison", is written over a horizontal line.
